

1. Write a program that prints the following, with the correct format:  
“Twinkle, twinkle, little star,  
    How I wonder what you are!  
        Up above the world so high,  
        Like a diamond in the sky.  
Twinkle, twinkle, little star,  
    How I wonder what you are”
2. Write a Python program to display the current date and time.
3. Write a Python program which accepts the height and base of a triangle and prints its area.
4. Write a Python program which accepts the radius of a circle and prints its area and circumference.
5. Write a python program which accepts a list of names, and which prints the first and last names in the list.
6. Write a python program which accepts a list of names, and which prints the alphabetically first and last names.
7. Write a Python program that accepts an integer (n) and computes the value of  $n+nn+nnn$ .
